I. Purpose

Effective March 1, 2023, the University of California hereby establishes this Adoption Assistance Plan (hereinafter "Plan") for the purpose of providing certain benefits between the University of California (hereinafter "UC Residents") and Carrot Fertility, Inc. (hereinafter "Carrot").

The University of California ("University") has established this Adoption Assistance Plan ("Plan") for the exclusive benefit of its eligible employees. The Plan provides for reimbursement of qualified adoption expenses. It is intended that benefits paid under the Plan will be excludable from an employee's income for federal income tax purposes to the extent permitted under Internal Revenue Code ("Code") section 137. All benefits paid under the Plan are subject to FICA and FUTA.

II. Administration

Company is the Plan Administrator and shall have the authority to interpret and construe the Plan in regard to all questions of eligibility, the status and right of any person under the Plan, and each eligible employee shall, from time to time, upon request of University (or its third party administrator), furnish to University (or its third party administrator) such data and information as University shall require in the performance of its duties under the Plan. Carrot is the Claims Administrator responsible, in its sole discretion, for processing reimbursement claims under the Plan and determining the manner, time, and amount of payment of any benefits under the Plan. Carrot's determination regarding a reimbursement claim under the Plan is final and binding.

III. Eligibility

Reimbursements will be provided only to eligible employees, as determined by the University. An eligible employee is an employee of the Employer who is a UC Resident or Clinical Fellow and who is enrolled in a UC Resident and Clinical Fellow medical plan. A UC Resident or Clinical Fellow here means an individual who is enrolled in a University Graduate Medical Education (GME) training program and works at least 20 hours a week. The University shall ensure that no more than 5% of the amounts paid under this Plan during any year are provided to the class of individuals who are shareholders or owners (or their spouses or dependents), each of whom (on any day of the year) owns more than 5% of the stock or of the capital or profits interest of the University, if applicable. Participation in the Plan shall continue while an eligible employee is on an approved leave of absence for military leave/medical leave/personal leave/family leave.

IV. Termination of Participation

Participation in the Plan will terminate upon the earlier of:

- A. The effective date of termination of the Plan;
- B. The date on which an employee ceases to be eligible as described in Section III above; or
- C. The date on which an employee has received reimbursements under the Plan equal to the lifetime maximum reimbursement limit described in Section V, below.

V. Plan Benefits

- A. The University will reimburse costs incurred by eligible employees in connection with the adoption of a child who is under 18 years of age, or is physically or mentally incapable of self-care.
- B. The total lifetime maximum benefit under the Plan is \$30,000.00. The benefit amount shall be reduced by the amount reimbursed to the eligible employee for covered infertility expenses, gestational surrogacy expenses, covered fertility expenses, or other benefits, if any, incurred in the eligible employee's lifetime.
